Pursuing

## PROJECTS

### Rent Rooms

Rent Rooms System is a platform that helps people buy, sell or rent properties. The system provides a range of services to its customers, including property search, listing, and management tools

### HandiCrafts Store

The Handicraft Store aims to create an engaging, user-friendly online platform that showcases and sells a diverse range of handmade crafts from artisans worldwide. The store will provide a unique marketplace where customers can discover and purchase high-quality, authentic handcrafted items while supporting local artisans and preserving traditional crafts.

## EXTRA-CURRICULAR ACTIVITIES

**Volunteer in Ride Program Function at MIT, Pune**

## COURSES

**Project Development Using Java For Beginners, Udemy**

January 2021
